Reviewer's report

Title: Ambient biomass smoke and cardio-respiratory hospital admissions in Darwin Australia.

Version: 2 Date: 25 July 2007

Reviewer: Jeffery Spickett

Reviewer's report:

General
The paper is now suitable for publication

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
