Reviewer's report

Title: Leisure and religious activity participation and mental health: gender analysis of older adults in Nepal

Version: 2 Date: 28 September 2007

Reviewer: Annie Rochette

Reviewer's report:

General
The revised manuscript have answered satisfactorily all comments previously made in the review. Thank you.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)
On page 7. Objective of the study: please be careful in using the term "impact" on the mental health; as this study does not allow to differentiate if participation impact on mental health or the reverse, mental health may impact on participation...

What next?: Accept after discretionary revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
