Title: The training needs of emergency service personnel about intimate partner violence

Version: 2 Date: 18 July 2007

Reviewer: Stacey B Plichta

Reviewer’s report:

General
This manuscript is much improved. It was very responsive to the suggested revisions. It addresses a topic critical to the care of women harmed by IPV - that is the knowledge and attitudes of the health care providers who will care for them.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached) None

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct) There are places where the English grammar is incorrect.

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
