Reviewer’s report

Title: Intermediate care at a community hospital as an alternative to prolonged general hospital care for elderly patients: a randomised controlled trial.

Version: 2 Date: 13 April 2007

Reviewer: William Hamilton

Reviewer’s report:

I am happy that the authors have answered my questions, and that this revision is publishable. There remain a few minor linguistic infelicities but they do not greatly reduce the readability of the paper.

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
