Reviewer's report

Title: Prevalence of comorbidity of chronic diseases in Australia

Version: 3 Date: 6 May 2008

Reviewer: richard ruffin

Reviewer's report:

Minor Essential Revisions
1. Use "co-morbidity" in the abstract, rather than multimorbidity.
2. Delete low quality articles and say cut off point in the methods. A brief section on the cut off in the discussion.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

University of Adelaide has received speaker's fees for my presentations for GSK and AstraZeneca. GSK donated 60 peak flow meters for research in 2006
