Reviewer’s report

Title: Socio-economic class, rurality and risk of cutaneous melanoma by site and gender in Sweden.

Version: 1 Date: 1 August 2007

Reviewer: Elsebeth Lynge

Reviewer's report:

General

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

Nicely written paper based on a large data base, god literature review in Discussion.

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
