REPORT TEMPLATE
-----------------

For the questions below, please delete the options that do not apply.

What next?
----------

Based on your assessment of the validity of the manuscript, what do you advise should be the next step?

- Accept without revision

Level of interest
-----------------

- An article whose findings are important to those with closely related research interests

Quality of written English
--------------------------

As we do not charge for access to published research, we cannot undertake the costs of editing. If the language is a serious impediment to understanding, you should choose the first option below, and we will ask the authors to seek help. If the language is generally acceptable but has specific problems, some or all of which you have noted, choose the second option.

- Needs some language corrections before being published

In the Abstract, Results section, there are a couple of typographical errors and phrases where the English could be better expressed.
Statistical review
------------------

Is it essential that this manuscript be seen by an expert statistician?

- No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests
-----------------------------------

We ask all peer reviewers of medical papers to declare their competing interests in relation to the paper they are reviewing. The peer reviewer declaration is included in the report bearing your name that will be sent to the authors, and published on our website if the article is accepted.

In the context of peer review, a competing interest exists when your interpretation of data or presentation of information may be influenced by your personal or financial relationship with other people or organizations. Reviewers should disclose any financial competing interests but also any non-financial competing interests that may cause them embarrassment were they to become public after the publication of the manuscript.

When completing your declaration, please consider the following questions:

- Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this paper, either now or in the future?
- Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this paper, either now or in the future?
- Do you hold or are you currently applying for any patents relating to the content of the manuscript? Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?
- Do you have any other financial competing interests?
- Do you have any non-financial competing interests in relation to this
paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.
