Reviewer’s report

Title: Screening for type 2 diabetes is feasible, acceptable, but associated with increased short-term anxiety: a randomised controlled trial in British general practice

Version: 2 Date: 22 September 2008

Reviewer: Hans-Ulrich Wittchen

Reviewer’s report:
After carefully reading the revised manuscript, I have no further comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
