Reviewer's report

**Title:** Risk factors for developing a cutaneous injection-related infection among injection drug users: a cohort study

**Version:** 2  **Date:** 1 October 2008

**Reviewer:** Vivian Hope

**Reviewer's report:**

The Authors have carefully, and appropriately, addressed the comments that I raised in my initial review. In particular the appropriateness and type of analysis undertaken is now much clearer to the general reader. I have no further comments on the well written paper.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.

**Declaration of competing interests:**

I declare that I have no competing interests.
