Reviewer's report

Title: The use of health-related quality of life (HRQOL) in children and adolescents as an outcome criterion to evaluate family oriented support for young carers in Germany: an integrative review of the literature

Version: 5 Date: 4 December 2008

Reviewer: Martha Grootenhuis

Reviewer's report:

Major Compulsory Revisions: NO
Minor Essential Revisions: abstract still includes reference to a possible intervention (last sentence) which should not be in abstract but in discussion

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
