Reviewer's report

Title: Physical activity and persistent low back pain and pelvic pain post partum

Version: 1 Date: 16 March 2008

Reviewer: joanne borg-stein

Reviewer's report:

This is an interesting survey study. Results are surprising. In most studies physical activity seems protective against LBPP.

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
