Reviewer's report

Title: Prevalence of HIV, Herpes Simplex Virus-2, and Syphilis in Male Sex Partners of Pregnant Women in Peru

Version: 2 Date: 14 January 2008

Reviewer: sia msuya

Reviewer's report:

I have gone through the changes made by the authors. The authors were clear in their response and it has tremendously improved the quality of the paper.

Comments: It should be accepted for publication without further revisions.
