Reviewer's report

Title: Undocumented migrants lack access to pregnancy care and prevention

Version: 6 Date: 20 February 2008

Reviewer: Martha S Wingate

Reviewer's report:

The authors did a very nice and thoughtful job of addressing the reviewers' comments. I have no major comments. I don't believe that the definition of intendedness of pregnancy is included anywhere in the paper. It might be useful to include this and the language used to ask this question given the variables significant role in the paper.
