Reviewer's report

Title: Evaluations of uptake and attitude to Voluntary Counseling and Testing among health care professional's students' in Kilimanjaro region, Tanzania.

Version: 6 Date: 21 March 2009

Reviewer: Taiwo lawoyin

Reviewer's report:

Minor Essential:
The paper is reading better now and most of the issues raised have been systematically addressed.
Some Editing needs to be done.
ABSTRACT line 3 : there is a word missing.
Page 16, 2nd paragraph, line 3 : Change "don't" to "do not"
Para 3 line 1. suggest deleting "able".
Conclusion: The last 2 paragraphs describe limitations. It would be good for the authors to inform readers that these are "limitations"

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
