Reviewer’s report

Title: Asthma Self-Assessment in a Medicaid Population

Version: 1 Date: 16 May 2009

Reviewer: Takeharu Koga

Reviewer’s report:

Major compulsory revisions
#1 The ethical adequacy of the method of the investigation has not been discussed.
#2 The “METHODS” section is too complicated with descriptions whose relevance to the research objectives is unclear.
#3 How was the subpopulation who underwent telephone interview selected?
#4 Although the authors may have reached to conclusion based on the findings, it does not necessarily scope the objectives of the study (1) and (3).

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
