Reviewer's report

Title: Effects of phone versus mail survey methods on the measurement of health-related quality of life and emotional and behavioural problems in adolescents

Version: 2 Date: 11 August 2009

Reviewer: Herbert Fliege

Reviewer's report:

The authors have dealt with my suggestions satisfactorily. I have no further concerns.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
