Reviewer's report

Title: Structural factors associated with an increased risk of HIV and sexually transmitted infection transmission among street-involved youth

Version: 2 Date: 9 December 2008

Reviewer: Kimberly A. Tyler

Reviewer's report:

The authors have done a nice job of responding to my previous concerns. The paper addresses an important topic among an underserved population and as such, makes a significant contribution to the literature.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
