Reviewer's report

Title: The prevalence of work-related stress, and its association with self-perceived health and sick-leave, in a cohort of employed Swedish women.

Version: 3 Date: 22 November 2008

Reviewer: Kristina Sundquist

Reviewer's report:

The authors have responded very well to my comments and I have nothing more to add to the paper.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
