Reviewer’s report

**Title:** Terrorism in Australia: Factors associated with perceived threat and incident-critical behaviours

**Version:** 1  **Date:** 8 January 2009

**Reviewer:** Anthony Bleetman

**Reviewer’s report:**

A very interesting and useful article. One spelling error - page 4, 'boarder' should probably be 'border'. Reads very well and I'm very happy to support publication without amendment (apart from the spelling error).

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
