Reviewer's report

Title: Inadequate glucose control in type 2 diabetes is associated with impaired lung function and with systemic inflammation.

Version: 2 Date: 9 May 2010

Reviewer: Wendy A Davis

Reviewer's report:

Thank you for revising your manuscript. You have mostly addressed my previous suggestions and given appropriate reasons if you have disagreed.

Minor essential revisions

Within the text (eg Results 1st paragraph line 4) and Tables 1-3 and 5: The decimal points should be represented by fullstops not commas.

Discussion, 2nd paragraph: "can't" should be spelt out as "cannot".

Acknowledgements: "y" should be replaced by "and".

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
