Reviewer's report

Title: Ventilatory and ECMO treatment of H1N1-induced severe respiratory failure: results of an Italian referral ECMO center.

Version: 5 Date: 29 October 2010

Reviewer: Thomas Bein

Reviewer's report:

the manuscript has improved sufficiently and it fits as an additional of some various case series dealing with H1N1 management by ECMO.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
