Reviewer’s report

Title: Intratracheally administered titanium dioxide or carbon black nanoparticles do not aggravate elastase-induced pulmonary emphysema in rats

Version: 1 Date: 18 March 2012

Reviewer: Il Je Yu

Reviewer’s report:

Unless authors provide Table 1 and 2, it is impossible to review the paper.

Minor comments
Page 5 line 6 CN should be CB
Pager 8, There is no table 1
Page 9 “Data are” should be “Data were”
Page 10 line 2, no table 2
Line 3, since there is no statistical significance, authors need to modify sentence.
Line 3 from bottom, LBA should be BAL

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
