Reviewer's report

Title: Prevalence and Impact of Depression and Anxiety in Outpatients With COPD in China

Version: 1 Date: 5 March 2012

Reviewer: Jennifer Cleland

Reviewer's report:

Major Compulsory Revisions (which the author must respond to before a decision on publication can be reached)

To provide details on identification and recruitment of patients, and ethical issues, and to discuss the study premise and findings in relation to other relevant papers.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare I have no competing interests.
