Reviewer's report

Title: Prevalence and Correlation between Depression, Anxiety, and Other Features in Outpatients with COPD in China

Version: 4 Date: 31 August 2012

Reviewer: Milo Puhan

Reviewer's report:

Discretionary Revisions

The English could be improved and some of the paragraphs are very long. I think the manuscript would benefit from some editing (and maybe shortening).

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
