Reviewer's report

Title: A predictive tool for an effective use of 18F-FDG PET in assessing activity of sarcoidosis

Version: 3 Date: 28 June 2012

Reviewer: Francesco Bonella

Reviewer's report:

The authors addressed very well all points raised by the reviewers and changed appropriately the manuscript. I have no further comments.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
