Reviewer's report

Title: Impact of singing lessons on health status in patients with chronic obstructive pulmonary disease; a randomised controlled trial

Version: 3 Date: 22 October 2012

Reviewer: Ellen Freiberger

Reviewer's report:

The revised paper “Singing classes for chronic obstructive pulmonary disease: a randomized control trial” has undergone minor changes but still major issues have not been solved.

Major Compulsory Revisions
1. Addressing the 2nd point of my former review (length of intervention) the points raised by the authors do not satisfactorily answer the points and do not improve the manuscript.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
