Reviewer's report

Title: Differences in classification of COPD group using COPD assessment test (CAT) or modified Medical Research Council (mMRC) dyspnea scores: A cross-sectional analyses

Version: 2 Date: 29 April 2013

Reviewer: Janwillem Kocks

Reviewer's report:

I thank the authors for addressing the issues raised by me and the other reviewer. I do still think discussing about the cut-off points would be adding more to the paper.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
