Reviewer’s report

**Title:** Treatment with Tolvaptan: a rapid and efficient hyponatremia management in patients with SIADH and small cell lung cancer

**Version:** 2  **Date:** 13 March 2013

**Reviewer:** Donal O’Donoghue

**Reviewer’s report:**

I think the authors have address the concerns the other reviewer and myself raised in the original manuscript and I would recommend acceptance as below:

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**
