Reviewer’s report

Title: Effect of GSTM2-5 polymorphisms in relation to tobacco smoke exposures on lung function growth: a birth cohort study.

Version: 2 Date: 8 July 2013

Reviewer: Carrie Breton

Reviewer’s report:

- Minor Essential Revisions

1. Please reference the database used in the statement “All GSTM2-5 SNPs of interest were checked against a database containing SNPs that may artificially alter GSTM2-5 CpG site methylation.”

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
