Reviewer’s report

Title: Validation of a portable nitric oxide analyser for screening in primary ciliary dyskinesia

Version: 8 Date: 19 December 2013

Reviewer: Sharon Dell

Reviewer’s report:

My concerns have been addressed.

The figures still need some minor revision. Decimal points should be standardized on the y axes and there are extraneous, seemingly random, numbers in the graphical section of figure 1 and 3.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
