Reviewer’s report

Title: Compliance with continuous positive airway pressure (CPAP) therapy for obstructive sleep apnea among privately paying patients- a cross sectional study.

Version: 3 Date: 24 March 2014

Reviewer: Jonathan Hobson

Reviewer’s report:

I think this is better than before.

The sentence "In Pakistan the health care facilities in public sector are not up to the mark" needs changing. I would use the phrase suboptimal or state that there are inadequate resources to provide top quality healthcare provision.

The additional comments are mostly in the present tense whereas the original manuscript is in the past tense - this needs changing so that there is homogeneity throughout the text.

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
