Reviewer’s report

Title: Symptoms of depression impact the course of lung function in adolescents and adults with cystic fibrosis

Version: 4 Date: 18 November 2014

Reviewer: Gregory Sawicki

Reviewer’s report:

The authors are to be commended on this revision. The paper is much easier to follow and the authors have appropriately removed extraneous data. The language is clearer and the results well presented. I have no specific comments on this revision and believe it merits publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
