Reviewer’s report

Title: Association between Anemia and Quality of Life in a Population Sample of Individuals with Chronic Obstructive Pulmonary Disease

Version: 2 Date: 9 August 2006

Reviewer: Roger Goldstein

Reviewer’s report:

General
The authors have adequately addressed our concerns.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
