Reviewer's report

Title: Software for Interpreting Cardiopulmonary Exercise Tests

Version: 3 Date: 2 October 2007

Reviewer: Luc Vanhees

Reviewer's report:

General
By reviewing the revised manuscript we consider our previous remarks as been answered by the authors. As we have no further remarks, we therefore consider this manuscript ready to be published.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
