Reviewer’s report

Title: Discriminative and predictive properties of disease-specific and generic health status indexes in elderly COPD patients

Version: 2 Date: 24 May 2008

Reviewer: Takashi Hajiro

Reviewer's report:

Discretionary revision:
The authors are advised to revise the title of the study in accordance with changes in results in the revised manuscript.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
I declare that I have no competing interest.
