Reviewer’s report

Title: IL-13 expression by blood T cells and not eosinophils is increased in asthma compared with non-asthmatic eosinophilic bronchitis

Version: 3 Date: 1 April 2009

Reviewer: Angela Haczku

Reviewer’s report:

minor revisions
1. The for matting of the y axis titles in the figures should be consistent. Currently some of the titles are partially capitalized.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
