Reviewer's report

**Title:** Translation and validation study of the Persian version of the Arthritis Impact Measurement Scales 2 (AIMS2) in patients with Osteoarthritis of the Knee

**Version:** 3  **Date:** 7 July 2009

**Reviewer:** J.J. J Rasker

**Reviewer's report:**

discretionary revisions:
Page 11 line 5 the authors did not understand my comment:
or the total series of patients studied 68% were women.
If 80% of the subjects are working, it means that also a majority of the Iranian women are working.
Do you consider working of women as working outside their homes, or is household work also considered as work. That needs clarification and a very simple answer.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** Yes, but I do not feel adequately qualified to assess the statistics.
