Reviewer's report

**Title:** 2D-Fluoroscopic Navigated Percutaneous Screw Fixation of Pelvic Ring Injuries - A Case Series -

**Version:** 1 **Date:** 31 March 2010

**Reviewer:** Christoph Lampert

**Reviewer's report:**

Compared to others the operating time is very long. Explanation?
Nice details. Good!
Discussion should be shorter, but with relevant points.
Some figures can be deleted.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, and I have assessed the statistics in my report.

**Declaration of competing interests:**

I declare that I have no competing interest.
