Professor John Isaacs,
Ms Judith Gorton,
The BioMed Central Editorial Team,
The BMC Series Editorial Production Team

Dear Professor Isaacs,
Dear Ms Gorton,
Dear the BMC Series Editorial Production Team,

RE: MS: 4752772533600702 entitled "ARG098, a novel anti-human Fas antibody, suppresses synovial hyperplasia and prevents cartilage destruction in a severe combined immunodeficient-HuRAg mouse model"

Thank you for acceptance of the above manuscript in principle for BMC Musculoskeletal Disorders. I am very pleased to hear it.
We are attaching a revised manuscript and figures for the publication.
Thank you for your supports.

Sincerely yours,

Noriko Odani-Kawabata
