Reviewer's report

Title: Use of Imaging Biomarkers to Assess Perfusion and Glucose Metabolism in the Skeletal Muscle of Dystrophic Mice

Version: 2 Date: 21 April 2011

Reviewer: Chris van der Poel

Reviewer's report:

The authors have taken into consideration all my comments and have improved the manuscript to a level suitable for publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
