Reviewer's report

**Title:** Decision quality instrument for treatment of hip and knee osteoarthritis: a psychometric evaluation

**Version:** 3  **Date:** 13 June 2011

**Reviewer:** Dimitri Beeckman

**Reviewer's report:**

It was a pleasure to read this well-prepared revision. The recommendations and suggestions were addressed correctly. The current version of the paper provides a good overview of the psychometric evaluation of the Hip/Knee Osteoarthritis Decision Quality Instrument. The results are supplemented by clear tables. The discussion is appropriate and informative.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
