Reviewer's report

Title: Surgeons agree more on treatment recommendations than on classification of proximal humeral fractures

Version: 2 Date: 2 April 2012

Reviewer: vladimir Senekovic

Reviewer's report:

My opinion is that article has very clear message and can be published without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
