Reviewer's report

Title: What influences a patient's decision to use custom-made orthopaedic shoes?

Version: 2 Date: 20 April 2012

Reviewer: Anita Williams

Reviewer's report:

Thank you for your responses to my comments and suggestions for your paper. You have addressed all these fully and the paper requires no further revisions. The paper now has a clear message and can be used both by clinicians and other researchers in relation to adding to the body of knowledge, influencing practice and providing insight for further research.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
