Reviewer's report

**Title:** Effect of Working Characteristics and Taught Ergonomics on The Prevalence of Musculoskeletal Disorders Amongst Dental Students

**Version:** 5  **Date:** 11 March 2013

**Reviewer:** Grant Townsend

**Reviewer's report:**

Minor essential revisions
- Remove 'clearly' from the first sentence of the Conclusions
- Correct the formatting of the references - there are many inconsistencies in the use of upper vs lower case, bold vs plain text, abbreviations vs no abbreviations for journal titles, capitals vs lower case, place and publisher of books - the heading for Table 3 needs to be re-formatted

Once done, the paper will be acceptable for publication.
