Reviewer's report

Title: Analysis of trabecular distribution of the proximal femur in patients with fragility fractures

Version: 3 Date: 11 March 2013

Reviewer: Yufeng Dong

Reviewer's report:

After mayor compulsory revisions, the quality of this manuscript has been improved significantly. The authors have corrected most of typos and re-wrote some of the sentences according reviews’ suggestion. They also addressed reviewers’ concern properly. I think this revised manuscript is good enough to be accepted for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
