Reviewer's report

**Title:** Obesity & hypertension are determinants of poor hemodynamic control: A retrospective review

**Version:** 2 **Date:** 1 January 2013

**Reviewer:** Gerard Slobogean

**Reviewer's report:**

The authors have clarified their rationale for their importance of the research and attempted to answer all initial reviewer comments. I have no further comments.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
