Reviewer’s report

Title: The effect of triclosan coated sutures on rate of Surgical Site Infection after hip and knee replacement: A protocol for a double-blind randomised controlled trial.

Version: 2 Date: 8 May 2014

Reviewer: Mohammad-Reza Rasouli

Reviewer’s report:

The authors addressed all my comments and the manuscript has improved. However, there are some minor linguistic errors in the text that need to be corrected such as the last line in the first paragraph of the method section that needs to be edited.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
