Reviewer’s report

Title: Osteopathic manipulative treatment for nonspecific low back pain: A systematic review and meta-analysis

Version: 2 Date: 7 July 2014

Reviewer: Simon French

Reviewer’s report:

The authors have done an excellent job addressing my previous comments. I have only 2 minor suggestions with this revised manuscript:

1. Consider collapsing the information in Tables 2 and 3 to make one Table.
2. The formatting of the new tables (Tables 5-8) makes them difficult to read

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
