Title: The perplexity of prescribing and switching of biologic drugs in rheumatoid arthritis. A UK regional audit of practice

Version: 2 Date: 6 August 2014

Reviewer: Maassoumeh Akhlaghi

Reviewer’s report:

This manuscript “The perplexity of prescribing and switching of biologic drugs in rheumatoid arthritis. A UK regional audit of practice” attempts to evaluate the extent to which rheumatology centres across the Midlands were complying with NICE guidance on the switching of biologic drugs in RA, which is a worthy aim. However, its too long and, in its present form, is not suitable for publication. It could be a useful short report or letter.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
