Reviewer's report

Title: A Structural Equation Model of Impairment and Functional Limitation in Rheumatoid Arthritis

Version: 3 Date: 8 February 2005

Reviewer: Leigh Callahan

Reviewer's report:

General
The authors have done a nice job with their revisions.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached) none

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct) noe

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
